

Action Taken Report

Academic Year: 2023-2024

Feedback and action taken report on the syllabus and its transaction at the institution from the stake holders.

Sr. no.	Stakeholder	Feedback Analysis	Action taken
1	Students	Students expressed their satisfaction with the teaching-learning process at the institute, including the assessment methods, hands-on training sessions, availability of elective choices, and opportunities for critical thinking and problem-solving integrated into the curriculum..	Although students are satisfied, the institute continues to strive for further improvement in the teaching-learning process by implementing various measures, including the use of ICT tools, experiential and participative learning approaches, and providing access to lecture recordings and self-conducted practical sessions.
2	Alumni	The alumni recommended organizing alumni meets at the institute. They also suggested conducting offline and online courses, workshops, and seminars focused on current technologies.	An alumni meet is scheduled to be organized in the upcoming semester. Additionally, workshops and seminars on current technologies are being conducted.
3	Students	Students recommended arranging industrial visits to renowned research facilities and organizations. They also suggested conducting skill development programs to enhance their abilities.	Visits to various industries were organized successfully. Additionally, all departments placed greater emphasis on conducting workshops, guest lectures by industry experts, and actively involving students in these initiatives.
4	Employer	Employers expressed the expectation that the institute could organize basic training sessions to prepare students for interviews.	The Training and Placement Cell of the institute has planned interview preparation sessions for TE and BE students to enhance their employability.
