

Report on Industrial Visit to Kohinoor Cloth Stores_Ahmednagar

Objective of Industrial Visit:

Industrial visit is considered as one of the tactical methods of teaching. The main reason behind this industrial visit was to let students know things practically through interaction, working methods and employment practices. Moreover, it gives exposure from academic point of view. Main aim of industrial visit is to provide an exposure to students about practical working environment. They also provide students a good opportunity to gain full awareness about industrial practices.

Details of Industrial Visit are as below:

Name: Kohinoor Cloth Stores_Ahmednagar -Central air conditioning (or central A/C)

Address: - Kapadbazar Ahmednagar

Date of Visit: 26th September 2016

Contact Number: Kohinoor Cloth Stores_Ahmednagar

Faculty Name: Prof.R.S.Waghmare & Prof.D.B.Thange

Description of the Visit:

An Industrial Visit to Kohinoor Cloth Stores_Ahmednagar was organized for B.E. Mechanical engineering students. Centralized Air conditioning system was observed by the students. Central air conditioning (or central A/C) is a system in which air is cooled at a central location and distributed to and from rooms by one or more fans and ductwork. In a packaged central air conditioner, the evaporator, condenser, and compressor are all located in one cabinet, which usually is placed on a roof or on a concrete slab next to the house's foundation. Air supply and return ducts come from indoors through the home's exterior wall or roof to connect with the packaged air conditioner, which is usually located outdoors.

Outcome of Industrial Visit: Students studied the live air conditioning unit and were able to find the actual capacity in tonnage of the air conditioner for given room area.
