

Report on Industrial Visit to Pumping Station , MIDC Ahmednagar

Objective of Industrial Visit:

Industrial visit is considered as one of the tactical methods of teaching. The main reason behind this industrial visit was to let students know things practically through interaction, working methods and employment practices. Moreover, it gives exposure from academic point of view. Main aim of industrial visit is to provide an exposure to students about practical working environment. They also provide students a good opportunity to gain full awareness about industrial practices.

Details of Industrial Visit are as below:

Name: Pumping Station, MIDC Ahmednagar
Address:- L-86, midc Ahmednagar

Date of Visit: 28th September 2019

Faculty Name: Prof.Dr.R.R.Navthar & Prof. S.G.Kotkar & Prof. M.M. Bidwe

Description of the Visit:

An Industrial Visit to Pumping Station , MIDC Ahmednagar was organized for T.E. Mechanical engineering students. It also provides drinking water supply to perennially water deficient Ahmednagar city. The water is transported via pipeline from the dam to the Ahmednagar city.

The students of T.E. Mechanical and staff members have enjoyed the technical session at the Pumping Station. The company person appreciated our students after the technical session. Students were well mannered and disciplined throughout the visit and no injury or anything unpleasant thing happened during industrial visit.

Outcome of Visit: Students were able to understand the pumping mechanism of water from dam and water supply at long distance.
