

9) Digital Image Correlation Technique for Strain Measurement of Aluminum Plate

Name of Faculty: S SGadhe

Other authors: R. R. Navthar

Date of Publication: - 01-09-2016

Academic Year of Publication 2016-2017

The image shows two screenshots from a computer screen. The top screenshot is the homepage of the International Journal of Engineering Trends and Technology (IJETT). The website has a blue header with the IJETT logo and a satellite dish image. The main content area includes a sidebar with navigation links, a central section with the journal's aim and scope, and a Scopus metrics box on the right. The bottom screenshot shows the Scopus 'Source details' page for IJETT. It displays the journal's name, Scopus coverage years (2020 to Present), publisher (Seventh Sense Research Group), ISSN (2349-0918), E-ISSN (2231-5381), subject area (Engineering: General Engineering), and source type (Journal). It also shows the CiteScore 2020 (0.2) and SNIP. The bottom of the image shows a purple circular stamp and a handwritten signature over a printed name.

IJETT Call for Paper July - 2022
Upcoming Conferences 2022

Aim and Scope:
International Journal of Engineering Trends and Technology - IJETT is a peer-reviewed, open access journal which publishes a wide range of original research and review articles. The journal editorial board welcomes manuscripts in both fundamental and applied research areas and encourages submissions which contribute novel and innovative insights to the field of engineering sciences. All submitted articles considered suitable for IJETT are subjected to rigorous peer review to ensure the highest levels of quality. Original papers which provide an important contribution to the development of engineering sciences and report on significant developments in the field are encouraged. The review process is carried out as quickly as possible to minimize any delays in the online publication of articles. IJETT aims to advance the understanding of engineering sciences by providing
