Respected Sir,

Our college intends to arrange one Industry visit as an integral part of the curriculum of degree course in Electrical Engineering. The following are some of objectives of industrial visit.

- The Industry visit will enable the student to appreciate the relevance of classroom instruction and reinforce learning with practical experience.
- Understand the job profile of technician and the environments in which they have to work in future.
- Comprehend the information about latest material, there specification and application
- Observe machines, equipment and processes of the industry.
- Familiarize him self with maintenance schedule techniques on site.
- Observe safety precaution and procedures.
- Appreciate practical problem in the industry on site.

I will be grateful if you kindly permit our student to visit your organization during **12th march 2018**, for industrial visit for 50 students of BE electrical engineering accompanied with 3 staff members.
