Dear Student,

Congratulations and welcome to the Class of 2022!

We appreciate your hard work, seriousness and keen interest in pursuing your aspirations and career goals through the PGPM program, and welcome you to IBS Business School, Mumbai.

As the current situations are not favourable to initiate a regular campus life, we have planned the delivery of sessions using the online learning mode. By commencing the sessions online, you will be safe and in the comfort of your home, yet assured of timely progress of your education. This will help engage you in positive learning and participating in the PGPM program without losing precious time.

We would like to assure you, although you will not be physically in a classroom, we have created the on-line sessions so that you do not miss out anything, be it syllabus coverage, student-teacher interactions or the peer-to-peer group learning. Therefore, request you to participate wholeheartedly and diligently right from day one.

We have adopted the blended learning approach comprising synchronous and asynchronous sessions, i.e. both self-paced and live class sessions.

The on-line foundation courses commence from May 16, and continue till May 30, 2020 through our on-line Learning Management System - **Quicforce**. Further information on the sessions' schedule and login details will be mailed by Thursday May 14th, 2020. Please do not neglect to check your email for details. The objective of the foundation course is to familiarise with essential fundamentals of the PGPM course like Decision sciences, Accounting, Case-based learning etc. You will benefit by attending the foundation sessions as this will facilitate your understanding and preparing you for the rigor of the regular semester courses.

Semester I classes will be held online from June 2nd, 2020. The online sessions will be held until the normalcy is restored as per the Government regulations. The sessions plan for regular classes will be communicated to you.

IBS Business School Mumbai Campus – A Perfect choice!

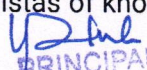

IBS Business School, Mumbai is an institution that believes in making learning a focused, fruitful and enjoyable experience for students. We hope that our students will take full advantage of what we have to offer and will train to be effective managers in the corporate world.

The beautiful sprawling campus of IBS Business School Mumbai is located at Hiranandani Knowledge Park, Hiranandani Gardens, Powai, Mumbai.

A Unique & Great Learning Opportunity

The PGPM Program at IBS Business School, Mumbai over the next two years will be a unique and great learning opportunity for you. Our alumni believe that the time spent at IBS Business School proved to be a turning point in their life. The program is intensive and rigorous in its coverage; greatly benefiting the students during the two years of study, getting them to be placement ready. New vistas of knowledge open,

PRINCIPAL
Dr. Vithalrao Vikhe Patil
College of Engineering
Ahmednagar

new skill sets are acquired and the right attitude is developed. All these happen through a combination of learning processes like self-study, interaction with faculty and other students, group activities, participation in curricular, co-curricular and extra-curricular activities, hands-on-experience through projects, internships and on-the-job training.

Academics

- The first two semesters have 17 core courses covering all of the key management disciplines. In keeping with the demands of the businesses you will also undergo course in Business Analytics. It is necessary that you should acquire good computer proficiency on packages like Excel, and research software while facilities are available and our faculty will help you develop the relevant computing skills, we urge you to make concerted efforts to master these skills to enhance your placement prospects.
- The second year of the program can be customized. Choosing 8 electives from a portfolio of more than 75 you will create a unique mix of courses that will support your individual professional goals. *You can pursue a generalist path towards management or concentrate on a specific area, such as finance, marketing, analytics, operations or human resource management.*
 - When we join for sessions on campus, we advise you to access the library facilities at IBS Mumbai regularly. Our library has over 34,000 volumes in addition to on-line access to Journals, Databases and other items of electronic library. We urge you to look at library to pick up basic knowledge relating to business environment, current affairs (national and international) and other related aspects.. We expect our students to be familiar with the essentials of management thought and practice by going through our library

Where are your fellow students from?

Region wise distribution of students as a % age of the class 2022 is

Central	11
Eastern	9
North	16
South	4
West	60

In addition, a male: female ratio of 60:40

That makes for a truly diverse class, which will foster sharing of experiences and networking!

Soft Skills Training

Today's corporate is greatly interested in the people skills of candidates, which include ability to work in a team, leadership skills, sense of responsibility, communication and presentation skills, conflict management ... in addition to the domain knowledge. Soft skills training/workshops at IBS Business School Mumbai are designed to meet these requirements of the corporate world. This soft skills development is very critical for the success of PGPMs. Hence we give top priority to this preparatory training. This will also help a great deal in coping with the pressures of PGPM program as well as in interviews for summer internships and final placements.

Co-curricular and Extra-Curricular Activities

IBS Business School Mumbai provides a series of initiatives to encourage you to participate in the co-curricular and extra-curricular activities during your two years of study. Once the classes commence on-campus, you will be initiated into a number of events and activities like quiz competition, elocution competition, essay competition, games and other events. Participation in these activities is strongly recommended because employers look for students with well-rounded personality. While academic grades are important, equal emphasis is also given to participation in other activities and particularly for development of team building skills and leadership skills.
