At this time, the full extent of COVID-19's impact on human life, the global economy, and enterprises is not yet known. But already, it has become an extraordinary catalyst for change. The need for innovation is greater than ever, driven by new challenges that are more disruptive than most have ever faced. In light of this new reality and new imperative, emerging technology trends must be revisited and explore how they will impact people and business in the post-COVID world. The emerging tech trends of tomorrow will replace today's solutions. Despite this uncertain future, the best thing your life can do is be prepared for what's on.

In a step forward to understand the importance of these issues, Department of Information Technology, Dr. Vithalrao Vikhe Patil College of Engineering, Ahmednagar in association with Rotary Club of Ahmednagar Midtown had organized Three days Online Webinar Series titled **"Emerging Areas in Information Technology"** on 27-29th August 2020.

PRINCIPAL
Dr. Vithalrao Vikhe Patil
College of Engineering
Ahmednagar

The objective of the webinar series is "to provide insights into the Emerging Areas of Technology and their applications in diverse sectors". This webinar aims to have Faculties, Industry Professionals, Research Scholars and Students as the participants. The sessions under this webinar series will be delivered by experts in these emerging fields from industry and academia.

Three Days Online Webinar Series organized by the Department witnessed a grand success which has got huge response. More than 150 participants attended the session on Google Meet app daily. Esteemed technical experts from renowned industry /institution delivered these sessions. The eminent resource speakers delivered talk on various topics are as under:

The first day session was delivered on 27th August 2020 by Mr. Abhay K. Raje, B E(Prod.), MIE, MBA, LLM,, Assistant Governor, RID 3132 on the topic "Indian Automobile - Cars"

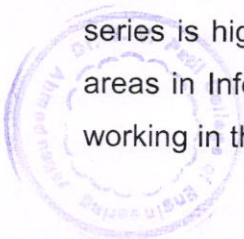

The second session was delivered on 28th August 2020 by Mr. Vaibhav Khatavkar, Asstt. Prof. Dept. of Computer Engineering, College of Engineering, Pune and the topic delivered was "Machine Learning and NLP".

The next technical expert was Mr. Nilesh Yeola, Director Delivery Executive, Quality Assurance, Capgemini, Pune and the topic delivered was "Industry Trends in Quality Engineering" delivered on 29th August 2020.

All sessions were well planned and nicely deliberated talk. The guidance given really motivated students and was very much useful for them. The department is highly obliged to Hon'ble Deputy Director Shri Kalhapure and Principal Dr. Uday Naik Sir for their constant support and encouragement for the Webinar series-3. The Department appreciates the untiring efforts taken by Prof. Avinash A. Pund coordinator of the webinars. Special appreciation goes to Prof. Mrs. Jyoti Gaidhani, Prof. Mrs. P. S. Gayke and Prof. Ms. S. S. Pophale for their dedicated work towards webinar series 3. Success of webinar series 3 is the result of their earnest hard work. Rotary Club of Ahmednagar Midtown is working hard and its contribution towards society is remarkable. Through the webinar platform the Club reached to young technocrats so that these budding engineers get familiar with the work carried out by RCAM.

We must acknowledge all the participants who actively participated and showed their zeal throughout the webinar without which this webinar would have not been possible.

The same response is expected for future webinar series. The outcome of webinar series is highlighted through sharing of real time practical experience in the emerging areas in Information Technology and its applications in diverse sectors by the experts working in the field.

Attendance Details

Mr. Abhay K. Raje ,BE(Prod.), MIE, MBA, LLM,, Assistant Governor, RID 3132 on the topic "Indian Automobile - Cars" on 27th August 2020

The screenshot shows a Google Meet interface. At the top, it says "Abhay Raje is presenting". The main content area displays a presentation slide titled "CAR SEGMENT IN INDIA". The slide text reads: "SIAM or Society of Indian Automobile Manufacturers divides the Indian passenger vehicles in the segments A1, A2, A3, A4, A5, A6, B1, B2, Compact SUV and SUV. The classification is done solely based on the length of the automobiles. This segmentation allows automobile manufacturers to plan and position their models for succeeding in the targeted consumer section precisely. Also a proper segmentation of the different models of cars is required to levy proper taxes by government of India on them. The details of the segments are mentioned below ...". Below the slide, there is a row of participant icons. On the right side, a sidebar shows a list of participants, including DEEPAK VIDHATE (You), Abhay Raje, Abhay Raje (Presentation), Abhay Raje, Abhijit Jadhav, Abhishek Landge, Abhishek Sonwane, Aditi Chikhalikar, Adnan Sayyed, aisha gudhekar, and Aishwarya Lonkar.

Mr. Vaibhav Khataavkar, Asstt. Prof. Dept. of Computer Engineering, College of Engineering, Pune on "Machine Learning and NLP" on 28th August 2020

The screenshot shows a Google Meet interface. At the top, it says "Vaibhav Khataavkar is presenting". The main content area displays a presentation slide titled "NLP". The slide text reads: "Use Cases : Generic" followed by a list: "to get meaning (direct, indirect)", "to get pattern of text (writing style)", "to generate text", "to predict", "to understand language", and "Text analytics / Data Analytics". Below the slide, there is a row of participant icons. On the right side, a sidebar shows a list of participants, including DEEPAK VIDHATE (You), Abhijit Jadhav, Aditi Chikhalikar, aisha gudhekar, Aishwarya pathak, Aishwarya Sonawane, akshay kale, Akanksha Gatkai, and Akash Borude. The bottom of the screen shows a Windows taskbar with various application icons and the system clock indicating 3:36 PM on 8/28/2020.
