

Report of Four Days Webinar Series June 15 – 18, 2020

In the post-corona virus world, businesses will undergo a transition and the biggest gainer could be the IT industry. Many IT companies have digitized all their processes and invested in cutting edge infrastructure and collaboration tools to support their location-independent agile delivery models and secure borderless workspaces. The expanding information technology (IT) industry, along with the rising trend of digitalization, is one of the key factors that will continue to drive growth of Indian IT companies. Hence Department of Information Technology has organized Four Days Online Webinar Series "**Discover New Opportunities In Information Technology**" on 15-18th June 2020

Four Days Online Webinar Series organized by the Department went with a grand success that has got huge response. More than 55 participants have attended the session on zoom app daily. All sessions were delivered by esteemed technical experts from abroad. The eminent resource speakers delivered their talk on various topics are as under

The first speaker was Mr. Omkar Thigale, Associate Manager, Ather Energy, Bangalore and the topic was "7 Habits To Inculcate For A Life Time" delivered on 15th June 2020. Second speaker was Mr. Rahul Kathade, Lead Database Performance Engineer, Salesforce.com, Singapore and the topic was "Career Opportunities as Database Administrator" delivered on 16th June 2020. The next technical expert was Mr. Girdhari Bavane, Project Manager Technical, ATOS Global IT Solutions Pvt. Ltd. Netherlands and his topic was "Data Modeling Techniques and Best Practices" conducted session on 17th June 2020. And the last day technical expert was Mr. Pankaj Shelar, Application Development Specialist in Accenture, Canada nicely delivered the talk on the topic "Trends in Software Industry". All sessions were very well planned and nicely deliberated talk. The guidance given really motivated students and was very much useful for them.

The department was highly obliged to Hon'ble Deputy Director Shri Kalhapure Saheb and Principal Dr. Naik Sir for their constant support and encouragement for the webinar series 2.

Department congratulated and appreciated the untiring efforts taken by coordinators of the webinars - Prof. Ms. Arti B. Bavane and Prof. Avinash A. Pund. The success of webinar series 2 is the result of their earnest hard work. Specially appreciated Prof. Ms. Shruti S Pophale for her dedicated work on setting up zoom meeting and making it live on youtube channel.

Attendance Details

Mr. Omkar Thigale, Associate Manager, Ather Energy, Bangalore on “7 Habits To Inculcate For A Life Time” on 15th June 2020

The screenshot shows a Zoom meeting interface. The main window displays a presentation slide with the number '3' at the top, the title 'Put FIRST things FIRST' in a large font, and an image of a hand holding a clock. The slide number '11' is visible in the bottom right corner. The top of the Zoom window shows 'Recording LIVE on Custom Live Streaming Service'. On the right side, there is a 'Participants (32)' list with names and icons for each participant. At the bottom, the Windows taskbar is visible with various application icons.

Mr. Rahul Kathade, Lead Database Performance Engineer, Salesforce.com, Singapore on “Career Opportunities as Database Administrator” on 16th June 2020

The screenshot shows a Zoom meeting interface. The main window displays a presentation slide titled 'Cloud computing'. The slide content includes:
1) Infrastructure as a service (IaaS)
Vendors : AWS (Amazon web services), Microsoft Azure, Google Cloud Platform, Oracle cloud etc.
Provide on-demand servers, virtual machines, raw block storage, firewalls, load balancers etc. Benefits are single vendor management, pay as per use. No need to build own data centers.
Certifications : AWS provides certification paths for various layers like Developer, Operations, Architect, Networking, Security and many more. Their site will have all the details of the paths. Similar certification paths are now offered by Oracle, Google and Microsoft. AWS, GCP and Microsoft Azure are most popular IaaS providers, so their certifications paths have some weightage and recognition.
2) Platform as a service (PaaS)
Vendors : Any company providing OS, middleware, managed servers and storage, database, networking.
Provide managed...
Benefits are...
The slide also mentions 'Stop sharing' and 'Hide' buttons. The top of the Zoom window shows 'LIVE on YouTube'. On the right side, there is a 'Participants (35)' list with names and icons for each participant. At the bottom, the Windows taskbar is visible with various application icons.
